

Chinese American Society of Anesthesiology (CASA)

Mission Statement

The Chinese American Society of Anesthesiology (CASA), established in 2003, is committed to serving the Chinese American anesthesiology community, including anesthesiologists, anesthesia residents, fellows, and researchers. CASA's mission is to promote equity and excellence in academic and community anesthesia services through the active participation of its members.

Vision Statement

Our vision is to be a leading force in achieving excellence in anesthesia services through the dedication and expertise of our members.
